

LuxaScope Auris LED 2.5 V

- innovative otoscope in pocket size
- illumination: LED-Ring with 6 LEDs (concentric), no fibre optic, field of vision is not restricted, with the theoretical failure of a single LED, the functionality is not affected
Protected by utility patent DE202013104278U1
- can be dimmed
- automatic switchoff after 3 minutes
- life expectancy of LEDs: approx. 100.000 hours by constant current drive
- intensity of illumination: approx. 10.000 Lux
- colour temperature: approx. 4.000 K
- optimized design of head
- pivoting 3-fold magnifying glass with locking function
- insufflation port for pneumatic test
- two-component handle (aluminium/fibre-glass reinforced)
- electronic ON/OFF push-button switch
- power supply: 2x AAA Alkaline batteries, inclusive
- incl. 20 disposable ear funnels, grey, each 10 x 2.5 mm and 10 x 4.0 mm

LuxaScope Ear Light

- incl. 1 acrylic top and 2 Varta AAA batteries
- illumination: white LED (life expectancy 100.000 hours)
- with clip to avoid unintended rolling
- brushed metal, high quality workmanship
- operating voltage 3.0 V
- Made in Germany
